ADDITIONAL INGREDIENTS

JAVASCRIPT
Web development hones my analytical skills and sharpens my intuition for effective UX. I'm interested in the intersection of technology and design.

READING
For sanity, I turn my phone off and read. I studied American Literature as an undergraduate and appreciate discussion on novels.

SKIING
I'm a sucker for the powder days of my native Pacific Northwest. Skiing makes me happy and reminds me that everything is all good.

LAUGHING
Nothing feels more nourishing than unrestricted laughter. I set out each day to create some for myself and the world.
